

ENVIRONMENTAL POLICY FAR SOLUTIONS LIMITED

Policy Statement

F A R Solutions Limited recognises that the long term viability of our business is dependent on sustainable operations. We believe sustainable operations are those that drive efficient resource use and provide a healthy environment, which in turn facilitates social progress and economic growth. As a company we therefore strive to act as responsible stewards of the environment and commit to continual improvement.

To balance these challenging needs we are committed to efficient and effective practices. We recognize that sustainability is the collective responsibility of governments, businesses, individuals and communities and so work in partnership with our stakeholders to pursue this goal.

Organisational Commitments

In pursuit of this policy, F A R Solutions Limited has committed itself to the following:

- Achieve and maintain compliance with the environmental legislation in the United Kingdom.
- Continue to prevent and where practicable reduce pollution loads entering the environment.
- Encourage and facilitate the interchange of environmental technology throughout the Company and promote good practice.
- Develop our employee's awareness of environmental issues including this policy.
- Foster productive partnerships with our stakeholder groups.
- Take an active and positive role in the community

The policy will be periodically reviewed in light of new knowledge, changing legislation, public concerns and the views of our stakeholders.
